

Get sick
or injured
without
AFLAC
insurance
and ...

You could be left with a gaping hole in your financial planning.

Even the best health insurance plan can leave you with that “empty feeling” when it comes to:

- 1. Unpaid medical bills ... including**
deductibles, copays, and out-of-network charges.
- 2. Loss of income ... because of a serious**
illness or accident that seriously reduces the total earning power of the afflicted employee and/or spouse.
- 3. Nonmedical expenses ... like the costs of**
travel, lodging, meals, child care, home care, and special equipment, as well as everyday living expenses like mortgage/rent, car, utilities, food, credit card balances, etc.

**American Family
Life Assurance
Company of
Columbus (AFLAC)**

Who will you turn to for financial assistance?

For over 40 million people worldwide, the answer is
AFLAC! We provide cash benefits directly to you
(unless you instruct us otherwise) to spend as you see
fit—for uncovered medical expenses, for everyday
living expenses, for sickness or illness-related
treatments. It's your choice ... it's your money.

Without it, no insurance is complete.

*Look for our
television
commercials.*

Without it, no insurance is complete.
